CRITERION I – CURRICULAR ASPECTS

1.1 - Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

? Every Year, the College prepares the prospectus. The prospectus has detailed information about the structure of the program and the subjects for each year of the degree program. The admission committee is duly constituted by the College. The members of the admission committee counsel the prospective students about subjects which they have to study during the academic year. The students are requested to go through the copy of the syllabus and reference books available with the College Library. ? For every semester of the academic year, in the departmental meeting, subject allocation is being finalised. The list of subjects is notified and accordingly the faculty members are requested to submit the teaching plans. ? Teaching Plans are prepared for each subject at the beginning of the semester. The teaching plan contains Learning objectives, Learning Outcome, title of the topic/unit, number of sessions per topic/unit, tentative dates on which sessions will be engaged, outcome measurement tools etc. ? The Time Table Committee prepares and displays the semester-wise time table on notice boards. The copy of the class time table is displayed in each class for information of the students. The Time Table committee monitors that the time table is being strictly followed. ? Course-wise syllabus is made available to students through institutional website, library, and by the teachers in class. ? The Librarian conducts an orientation talk for new students, about the library, and referencing resources and new arrivals available in the library. Learning resource material such as reference/text books are made available in the library. The subject teacher submits the requisition for procuring new books to the Librarian. ? At the end of every semester, course-wise feedback about the effectiveness of subject teaching, teaching-learning and curriculum is collected from the students in the form of a survey, and analysed using Google forms. ? Practicum forms a core element of the B.A.B.Ed. program and has four components that require a continuous inputs and close monitoring: Lesson Observation, Micro Teaching, Internships and Practice Teaching. ? The compulsory project paper is a part of the third year syllabus of B.Com and B.A.B.Ed. The student has to work on one research topic. One or two groups of five students each are being allotted to one project supervisor. The students continuously work under the supervision of the project supervisor. The process begins with finalisation of the title of the project and ends with submission of Project report followed by Viva-Voce examination. ? With regard to the plan of documentation of curriculum, the college has well defined procedures. The test papers, assignment, power point presentations are preserved by the College. In some subjects study material is prepared by the Faculty Members and is being provided to the students. The copy of the study material is kept in the College library. In case of any change in the curriculum the faculty members and students are made aware about the changes. The new copy of the syllabus is kept in the College library.

1.4 - Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	No
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

? Every academic year, the College collects feedback on curriculum updating and improvement. The feedback is being collected from four stake holders namely Students, Teachers, Parents and Alumni. The feedback is collected and complied with the help of Google forms. ? The feedback collection begins after the end of odd semesters and continues till the end of the academic year. Before obtaining the feedback from the stakeholders they are oriented with regard to curriculum. ? The collected feedback is analysed with the help of simple statistical tools mostly descriptive in nature. The findings for each stakeholder is compiled and systematically documented. ? The findings of the feedback collected are discussed with the faculty members of the College. ? The findings of the feedback help the institution to organise workshops and seminars which are related to the curriculum, but somehow not directly part of the curriculum. The feedback also provide the College inputs about which are the subjects where short term and certificate courses can be started by the College for providing indepth knowledge to the students. ? The feedback from the alumni and students on curriculum helps the institution to finalise about the introduction of the generic elective, skill enhancement courses, and discipline specific courses and electives subjects for the academic year. Accordingly, the structure of the program is being revised every academic year. ? The feedback also plays an important role taking inputs from the stakeholders and taking the points discussed at various academic bodies of the University. The entire process of orientating the stakeholders on curriculum, collection of feedback, compilation of the feedback, analysis of the feedback is a very important as it provides basis for improvement of the entire process of curriculum delivery and documentation. ? The feedback plays a vital role in informing the College about what exactly the students want to be incorporated in the curriculum and which aspects according to the various stakeholders can be ignored by giving less weightage. It also helps the College to understand about the effectiveness of the curriculum.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

• College has a very healthy mentor to mentee ratio of 1:20. • Mentors constantly monitor individual students assigned to them, to ensure the mental and physical health of the students. Mentoring helps students to focus on their academic requirements and challenges more easily thus enhancing their academic performance. • As per the recommendations made the IQAC in 2015, a welldefined programme named 'Ankur' is initiated under which mentees are given personal counseling, are nurtured in conducive environment and imparted value education. • Mentor visits the houses of the final year students to monitor the students' schedule after college hours. It also helps to establish healthy relationship between the teacher, student and the parents which helps to boost the confidence of the pupil. • Mentors are trained to talk all positives about the students by purposely avoiding complaining, narrating misconducts of the pupil in the college. This practice has seen tremendous change in the students' approach, behavior and performance in the College. • Students are guided to positively take part in sports, cultural and extracurricular activities that helps the students in exploring their own potential and improve overall abilities. • Parents of the students are also guided by the mentors so as to bring parity of approach towards the students. • College has full time professional councilor appointed, however sometimes students find more comfortable to share their personal problems with his/her mentor teacher. In such cases personal attention is given to the student by the mentor and efforts are made to resolve the problem. • Students are also mentored towards social, environmental, green initiatives, plastic free campus programmes

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

- In the reforms initiated by the College, students in each course are compulsorily required to take up at least one presentation, either in a group or at an individual level so as to bolster their confidence levels. • Student's performance in the first ISA is discussed oneonone with the student and necessary guidance is given for improvement in the performance for the second component of the ISA. Answer books are given to students to analyze the errors. These evaluations allow the students to improve themselves before the final exams. • Besides the ISA, periodic tests (written, oral, open book test) are also conducted by the faculty at their level. • Question papers are also solved in class from time to time, with the students being provided with the solutions and asked to selfevaluate. • Periodic checking of students' notebooks and other study material is also conducted. • Calling students to the board and asking them to solve problems makes student more confident about his/her understanding. • Students are divided into groups, and asked to make a list of questions on each assigned topic. The students then ask these questions to each other and get them answered. • For practical papers like cost accounting students are asked to explain the concept and solve the exercise based on the concept, this enables the students to apply the conceptual knowledge gained from the theory. • Online test are conducted in the papers like computer application.
- 2.5.3 Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)
 - At the end of the academic year the Goa University sends the academic calendar of the next year to the College wherein the dates of commencement of the semester, vacations and the commencement of the examinations are mentioned. Further it also prescribes the last of completing the CIE. Accordingly the College prepare its academic calendar pertaining to the CIE, Examination and other related matters and strictly adheres to it. Further a tentative schedule of the semester examination, answer script assessment and date of declaration of the result is also decided. Students are made aware of the commencement of CIE schedule at the beginning of each semester. Detail schedule of the written test is displayed at least 15 days in advance along with the last date of completing the CIE. Further the detail schedule of Semester End Examination is

displayed at least one month before the commencement of the examination. •

Pertaining to other matters of the College, the Principal calls a meeting of all the staff before the end of the previous academic calendar to discuss the formation of committees and organizing of activities for the forthcoming year.
• Based on the inputs provided, a staff member is entrusted the responsibility of drafting the academic calendar. The academic calendar is placed before the IQAC for the suggestions and approval. The approved academic calendar is circulated to all the faculty and students by publishing it in the institution's prospectus.

Signages are displayed across the campus to reinforce this thought in them The institution discourages the use of private vehicles among the students. Use of public transport and bicycles among the faculty and students is encouraged. Faculty members and students are also encouraged to carpool wherever possible. The Nisarg Club conducts and participates in activities like talks, street plays and rallies to encourage students to be environmentally conscious. Talks are focused on topics such as "Environmental Pollution: Issues and Concerns", 'Biodiversity in Goa", and "The importance of Nature and Environment". AntiPlastic Drives are conducted, wherein plastic waste is collected from the students' residences and neighborhoods and sent to for recycling through the local governmental bodies such as the panchayat of Penha de Franca. Rallies and competitions on environmentrelated themes are conducted to inculcate sensitivity towards nature. The college 'Nisarg Club' forms the vehicle through which the institution associates with various organizations such as Nisarg NGO and housing society associations such as "Satellite Township Residents AssociationColvale", to provide landscaping and shadegiving saplings for plantation under its Vanamahotsav programme. Students are encouraged to participate in cleanliness drives organised by governmental and nongovernmental organisations such as the Directorate of Youth Affairs, Mandre Panchayat and Tree of Hope Challenge - Mandre.

7.1.7 – Initiatives taken by the institution to make the campus eco-friendly (at least five)

The college campus is moving towards being plasticfree and the usage of plastic by staff and students is discouraged by the college. The institution endeavors to achieve a plasticfree campus through measures such as discouraging the use of plastic in academics related activities like assignment submission in plastic folders, bouquets and gifts without cellophane wrapping, and preference of reusable thermos bottles over packaged drinking water.

Installation of an incinerator to dispose of sanitary pads and other biowaste.

Segregation and disposal of municipal solid waste (MSW) such as food waste, plastic, metal and glass, through color coded litter bins provided on campus. Along with, bins to dispose wet and dry waste are placed on each floor. The waste is later collected by the local panchayat officials. Newspapers and paper waste is sold to scrapdealers for reuse or recycling. Disposal of ewaste generated at the institution at the state government recycling plant through a recycling agency, 'Group Ten Plus'.

Provisions to channelize the rainwater collected on the rooftop to the ground are in place. The water is collected in an underground reservoir, and is utilized for gardening purpose.

The Institution has associated with Rotary Club to install a Biogas Plant on an experimental basis.

The institution has initiated the process of shifting to LED lighting, and energy efficient electronic and electric equipment.

The college has initiated Green Campus project, wherein students are encouraged donate one potted plant for campus beautification.

Water filters have been installed to minimize the purchase of bottled drinking water by faculty and students.

Use of paper is also discouraged at all levels by the Institution. Various initiatives like using social media, giving enotes to the students and receiving online feedback for Teacher Evaluation have been taken to create a paperless environment. To implement the paperless office concept, notices, minutes of meetings, salary slips and such documents are emailed to staff members. Similarly, ephotocollages have replaced printouts of photographs of College activities. Similarly, students are encouraged to submit their assignments in a digital format using etools such as Google Sheets, Google Docs, Google Drive, Blogspot, DST, and PowerPoint presentations.

For green landscaping, the college has set up a nursery of medicinal, ornamental and floral plants donated by teachers and students, to nurture saplings and keep a regular stock of plants in the college premises.

7.2 - Best Practices

7.2.1 - Describe at least two institutional best practices

CASE STUDY 1: TITLE: Nurture a Sapling initiative by Nisarg Club CONTEXT: The college believes that the students are the agents of change in the society, and that if a caring attitude for nature is developed in students today, it would prove beneficial in the long run, since they would carry on such practices even at their work place in years to come. With the College running and Education program, the students who will take up teaching profession can take inspiration from their college and set up nursery at other educational institutes. The idea was thus intended as an activity to foster a responsibility in students towards

```
environmental protection. OBJECTIVES: The Nisarg Club set up a plant nursery in
  the year 2017. The main aim behind setting up this nursery was twofold: 1.
  Create an increased awareness, proactiveness and empathy for nature, and 2.
Initiate tree plantation drive with the assistance of students and teachers of
  VPCCECM so as to increase the local green cover. THE PRACTICE: Nisarg Club
   members were provided with a sapling, which they have to plant, nurture
   anddocument. The record of plants being nurtured is maintained in form of
  photos on the Nisarg Club Whatsapp group. In addition to this saplings were
  provided to teachers of this institute, who wish to organise Vanmahotsav in
 varied localities. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED: 1. Setting up
  of Nursery required financial backup. 2. Maintaining the nursery especially
watering the saplings regularly. 3. Replenishing the stock of saplings HOW THE
ISSUES WERE RESOLVED: 1. One key requirement towards setting up the nursery was
    the green shed. Scraps of metal rods and pipes left over from previous
 construction of the College building were gathered and shaped into the shed.
The agro shade net was donated to the college by Vice Principal Dr. Sukhaji G.
 Naik. 2. Maintaining the nursery and watering of the saplings regularly was
   taken care of by hiring the services of a gardener on contract basis. In
  addition, NSS and Nisarg Club volunteers, and the MultiTasking Staff (MTS)
members would regularly help maintain the nursery. 3. The stock of saplings was
 regularly replenished by the Department of Forest. EVIDENCE OF SUCCESS: From
 2017 till date around 167 individuals have planted more than 500 saplings and
  nurtured them. At present the Nursery has around 1500 saplings of coconut,
mango, chikoo and guava. UNIQUENESS: This practice of nurturing a plant by each
member of Nisarg Club not only makes these students more caring towards nature
   but they also encourage other students of the college to nurture plants.
Looking at this practice followed by college staff and students, the teachers
 of other sections of this institute got motivated to take up tree plantation.
CASE STUDY 2: Name of the Practice: Blood Donors' Directory Objectives of the
Practice • To assist needy patients in contacting voluntary Donors in emergency
   • To encourage people to donate blood voluntary • To create and update a
directory of volunteers so that the required blood is available on request • To
  save lives by making the timely availability of the required group of blood
Context A blood emergency can come up at any moment. Many of the blood seekers
   suffer because the demand for blood is much more than the number of blood
 donors. Moreover, at the time of emergency, people have no clue about whom to
  approach and how to arrange the blood. The college has attempted to build a
 group of self motivated individuals who realize their responsibility towards
  humanity and are available as blood donors as and when required. Practice
  Student and Faculty blood donors register their details with the Red Ribbon
Club. The College maintains an uptodate record/database of the volunteers such
 as blood group, their contact number, and address, and is available with the
 Principal and the members of the Red Ribbon Club. The College presently has a
 total 68 volunteers who have registered themselves as a blood donors. People
 from all over Goa have access to this facility on demand and can contact the
 College whenever the need arises. The College then contacts the blood donors,
 who then visit the blood bank or hospital for donating blood. This initiative
 is in addition to the blood donation camps organised once a year. Evidence of
Success The college, till date, has helped more than 240 patients all over Goa.
 A few cases: Three volunteers Mr Nishant Shukla, Mr Akhil Bhat and Mr. Kisan
Patil donated blood at Goa Medical College on 20th August 2018 during a medical
emergency. On 26th September 2018 five volunteers Mr. Dayanand Rane, Mr. Rohan
  Rolt, Mr. Rahul Khadpe, Mr. Sameer Shet, Mr. Omkar Gaonkar and two faculty
 members Asst. Prof. Kedarnath Tadkod. and Asst Prof. Rudresh Mhamal donated
 blood for heart bypass surgery of Mr. Gajanan Mandrekar, resident of Mandrem
Goa. Mr. Vasant Narulkar donated blood at Goa Medical College on 28th September
2018. Uniqueness Blood banks and hospitals may or may not have a list of blood
  donors. The College blood donor's directory not only helps save time during
```

critical moments, but also prevents panicked running from pillar to post for the relatives of the patient. The easy availability of voluntary donors also prevents the unhealthy and illegal practice of selling blood by unscrupulous individuals, and acts as a step towards building a responsible citizenry in the students.

7.3 - Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

The College, as part of the Prabodhan Education Society, endeavours to live up to the noble legacy of the parent organisation. The College therefore encourages active participation of students and teachers in outreach and community development activities. One such activity has been the Swachch Bharat Abhiyaan. Keeping in mind the core objective of the SBM, the College staff and students reach out to various corners of Goa with the message of Swachh Bharat Nital Goem (Clean India, Clean Goa). The College organised cleanliness drives in five talukas of North Goa viz. Pedne, Sattari, Bardez, Ponda and Tiswadi on 2nd October, 2018 as a part of Swachh Bharat Abhiyan. 600 students of B.Com. and B.A.B.Ed. and all the staff members of the College took part in Swachh Bharat Abhiyan. The places that were included are Vidya Probodhini Educational Complex, ParvariGoa, areas around Directorate of Higher Education, ParvariGoa, Swami Vivekanand Hall, ParvariGoa, area near Dhargal Village Panchayat, Socorro Junction and around Holy Family School, Socorro, Parvari, Goa, area near Panaji Forest garden Panaji Goa, Bodgeshwar Temple, Mapusa, Goa, areas near Village Panchayat, Mandre, and Forest Garden Junaswada Mandre, Goa, public places at Valpoi in Sattari Taluka, Goa and Area around Mangesh Temple, Mangeshi, Ponda, Goa. Apart from this NSS volunteers also cleaned the surrounding area of Vidya Prabodhini Educational ComplexParvari, Goa. The NSS volunteers also cleaned all the class rooms and the terrace of the College.

8. Future Plans of Actions for Next Academic Year

• Keeping the academic needs of the students and the professional requirements of the industry, the College proposes to start joboriented short term certificate and diploma courses that will make the students more employable in the job market such as: o Certificate course on Open Source GIS software o Tally ERP9 with GST o English Communication Skills o Workshop on administering First Aid • The College is also working towards being ISO certified with the ISO 21001:2018 certification by the next academic year. • With a focus on Environment, the College proposes to continue with its work of developing an environment consciousness in students and other stakeholders. Consequently, a number of activities for students have been chalked up such as: o Workshops on Environment for teachers and students o Workshops on making natural Holi colors, and on waste segregation, composting and recycling o Talks on various topics such as harmful effects of fireworks, especially on humans and animals, conservation of energy and water o Poster making competitions on environment related topics o Field trips to ecosensitive sites such as, Mhadei River Basin and Salim Ali Bird Sanctuary. The College is also aiming to expand the plant nursery with the addition of medicinal plants along with educating students and locals on their uses. The plants will then be distributed among students and the local community members. • The College aims to continue with its Lecture and Video Series on various topics such as o Social

Impact issues o Right to Education o Readers' Club o Professional Konkani Drama o Importance of protecting Goan Heritage • The College, having achieved the B Grade, and getting permanent affiliation for its B.Com. and B.A.B.Ed. programs, has been listed under 12(b) and 2(f) clauses. The NAAC accreditation has also made it eligible for RUSA grants, for which it has already applied. With this, the College aims to initiate a number of key projects, including building of an auditorium with a capacity for 600 persons, and installing an elevator and generator once the funds are sanctioned.
