Dr. Allan Abreo requested the Principal to give the hard copy of the suggestions made by the peer team members to each faculty member. He also suggested that all the Faculty members should start research paper publication in UGC listed journals and activities related to research should be encouraged by the College. The Principal read out the suggestions made by the NAAC peer team. He said that the College has already started the process of publication of a research journal of the College. He also told that currently 11 Faculty members of the College are pursuing their Ph.D and there are a total of 93 research publications of faculty members of the College in the last six years. Darshan Gaonkar informed that the College has received a circular from the Directorate of Higher Education that the fees paid by SC/ST students should be waived off at the time of admission to the program.
