**A brief write-up about your Event (in about 300 words) :** The Department of Commerce organized a short-term certificate course on “Tally Prime Basics” from 8th September 2025 to 25th September 2025 to introduce students to the fundamentals of computerized accounting. The 30-hour beginner-level course aimed to equip students with practical knowledge of Tally Prime, one of the most widely used accounting software in the business world. The course curriculum covered key aspects such as voucher entry, ledger creation, and report generation, enabling participants to gain hands-on experience in recording and managing financial transactions. Through practical sessions and guided exercises, students learned how to apply accounting concepts in a real-world context, thereby enhancing their technical competence and workplace readiness. A total of 22 students participated in the course and actively engaged in all sessions. Upon successful completion, the participants were awarded certificates, recognizing their achievement and newly acquired skills in computerized accounting. Overall, the program proved to be a valuable learning experience, fostering digital proficiency and preparing students for future roles in the accounting and finance sectors.
