vpc\_goa\_  
Santa Cruz

vpc\_goa\_ An enlightening Educational Field Visit to National Association for the Blind, Goa, Santa Cruz on 31st January 2026 ✨

The Third Year B.A.B.Ed students of Vidya Prabodhini College had a meaningful learning experience exploring inclusive education practices, assistive technologies like Braille, screen readers, and mobility aids, and interacting with inspiring visually impaired learners.

This visit beautifully bridged theory with practice — fostering empathy, awareness, and a deeper commitment towards inclusive classrooms. 🌐 🗺️

A truly enriching step towards becoming compassionate and responsible educators. ❤️

**Objective of the Event :** The said Visit shall enable the students to gain an understanding about the working of The National Association For the Blind which houses around 20 students enrolled in regular schools who are labouring under visual impairment.

**Outcome of the Event :** Once the visit is done the students shall be acquainted with the working knowledge as to how the visually impaired students are trained and taught at the National Association for The Blind

**A brief write-up about your Event (in about 300 words) :** The students of Fo.Y.B.A.B.Ed undertook an educational visit to the National Association for the Blind (NAB) at St. Cruz on 31st January 2026. The visit was organized with the objective of sensitizing future educators to the needs, abilities, and lived experiences of visually impaired individuals. The institution currently houses 20 visually blind students, providing them with education, vocational training, and life skills necessary for independent living. Upon arrival, the students were warmly welcomed by the staff, who provided an overview of the functioning of the institution. The visit offered valuable insights into the various facilities available, including Braille learning resources, assistive technologies, and mobility training. The students observed how visually impaired learners are taught using specialized methods such as tactile learning and audio-based instruction, enabling them to actively participate in the learning process. A highlight of the visit was the interaction session with the residents. The Fo.Y.B.A.B.Ed students engaged in meaningful conversations, gaining a deeper understanding of the challenges faced by visually impaired individuals as well as their remarkable resilience and determination. The residents also showcased their talents through music and other co-curricular activities, leaving a lasting

impression on the visitors. The visit was not only informative but also deeply inspiring. It helped the students develop empathy, patience, and a more inclusive outlook towards education. They realized the importance of adopting innovative teaching strategies and creating a supportive classroom environment that caters to diverse learners. Overall, the visit to NAB at St. Cruz was a significant learning experience. It reinforced the values of inclusivity and social responsibility, preparing the student-teachers to become more compassionate and effective educators in the future.
