Objective of the Event	:To explore and document microbial knowledge embedded in Indian Knowledge Systems (IKS) and its relevance to health, agriculture, food practices, and environmental sustainability. To create awareness among students and faculty about the societal applications of traditional microbial practices, integrating them with modern scientific perspectives.

Outcome of the Event :

Participants will gain interdisciplinary understanding of how indigenous microbial knowledge can inform sustainable solutions in public health, farming, and sanitation. The programme will stimulate research interest and collaborative projects linking IKS with contemporary microbiology and social development initiatives.

A brief write-up about your Event (in about 300 words) :

Vidnyan Dhara 2026 is a flagship academic outreach and knowledge dissemination series aimed at nurturing scientific temper, research orientation, and interdisciplinary thinking among students and faculty. The series provides a platform for experts from diverse domains to share insights on emerging themes that connect science, society, technology, and indigenous knowledge traditions. Through lectures, interactive sessions, workshops, and discussions, Vidnyan Dhara promotes curiosity-driven learning and encourages participants to
