- Along with teaching we require programs also
- Need holiday on Saturday
- Manages all task properly.
- Experience is very good
- Field trips should be conducted

topic, they just do their own work. Other thing some teachers just do not make sure that all students have presented their topic or not and they do not even take serious action towards that child so that's not fair for the students who do their work on /in time. Other thing is that some teachers just focus on few students which make other students to feel low.

- There should a women's hostel so that students will be on time. Also, the teachers should focus on completing the portion with the given timeframe rather than waiting for last movement.
- As an alumnus of the college, I do not have any suggestions as the college is doing pretty well job...in all aspects...
- Our college provide us best learning nothing is there to improve
- Nice teaching and very dedicated teachers. Put their focus on all students equally. And if any queries or difficulty it is easier to communicate with the respective subject teacher.
