CIRCULAR

Prior to academic year 2020-2021, the academic information of Colleges administered under the Directorate of Higher Education (DHE) Government of Goa. was processed manually and independently. During the Covid-19 pandemic, to follow the SOP's issued to the higher education institutes in India by the MHA, DHE Goa initiated the project to streamline all the academic activities of all affiliated Colleges by providing a centralized, electronic platform. The DHE Goa launched a pilot project "Integrated Academic Information Management System (IAIMS)" to integrate all the Colleges academic activities and processes in one complete framework, enabling the Colleges to work as a single unit.

The main objective of the IAIMS project is to help the management, administrative staff and teachers to organize & centralize the data, monitor the performance of students, and make smart decisions which would effortlessly enhance the growth of educational institutes in the long run.

Government Compliance & Accreditation bodies (NAAC/NBA), encourage the Institutions to mandatorily have information management system of highly accurate data, in structured & easily accessible formats. It empowers transparency across activities & processes.

This directorate has issued the guidelines for carrying out the academic activities on the IAIMS portal from this academic year 2021-22 onwards. All Colleges are hereby instructed to follow the guidelines as mentioned below.

- The faculties have to mandatorily furnish and regularly update their personal information, qualification, research publications, and awards in their profile on the IAIMS portal.
- The faculties have to upload the Semester lecture plan and the Semester practical/lab plan on the IAIMS portal as per the recommended format before the start of every semester.
- All the faculties engaging the classes, practical/lab and projects have to update the daily lecture diary and attendance on the IAIMS portal regularly and with punctuality.

W.D.Y. 11/10/2021

1. Dir. DHE

Forward To

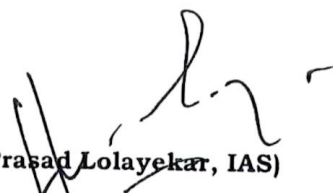

833

Date

21/10/2021

- The portal will be locked for updating the daily lecture diary and marking the attendance after every 15 days.
- The daily lecture diary and the attendance duly updated by the faculties will be available for the registered students in their profile.
- The College administration will be able to gather, process and analyse the information pertaining to the academic activities on daily basis from the IAIMS portal.
- The faculties will be able to generate attendance reports (weekly, monthly, semester wise, course wise, student wise) in print format duly updated on the IAIMS portal.
- The faculties will have to update the attendance and the marks of the ISA's conducted for the respective papers on the IAIMS portal.
- The IQAC committee of the respective Colleges will be able to collect, process, and generate reports as per the requirements of NAAC.

All the head of the Institutes are requested to bring the content of this notice to the staff under their administrative control for the strict compliance.

Dear Principals, this is to inform you that the Examination module has been deployed on the IAIMS portal.

The examination convenor of your respective colleges and the IAIMS coordinators have been provided with the details of user manuals and the login credentials.

The following points related to the exercising of the examination module are to be noted:

1. The colleges should exercise the complete examination process and generate the mark sheet for the students admitted in the first year from this academic year 2021-22.
2. The colleges can also take the decision to generate the mark sheet for the SY students, provided all the activities related to the examination module are followed from their first academic year onwards.
3. The ISA attendance and marks data entry authorities are delegated to the concerned subject instructor. For the convenience of the faculty members, the online, as well as the offline mode for data entry has been provided in the system.
4. The semester-end exam process and generation of the final mark sheets authorities are delegated to the examination committee of the respective colleges.

For all examination-related queries, please contact Prakash Jha at the mobile 9311775557. It is recommended that all support queries should be sent to support.imade@i-made.in.

The Directorate of Higher Education, Govt. of Goa, recently concluded the workshop on the College Library Management software "Koha" of the **"Integrated Academic Information Management System (IAIMS)"** for the Librarians of all the Colleges under its administrative purview.

The training workshop was conducted on 24th and 25th Jan 2022 followed by a refresher session on 31st Jan and 1st Feb 2022 in online mode.

The installed Library Management Koha software encapsulates all the modules as mentioned below as required for a comprehensive library software .

1. Record Keeping
2. Book Recommendation
3. Duplicity Checking
4. Purchase, Classification
5. Cataloguing and Circulating of Books.
6. Fine Management
7. Library Membership

Dear Principals, this is to inform you that the Learning Management System (Moodle) service (<http://182.71.91.187/dhegoa/>) has been deployed on the IAIMS portal.

Moodle is a platform for online learning that enables you to create online courses, add assignments, and course content. It also allows faculties to communicate with the students and encourage communication between them in forums and discussions. Several HEI across the globe are adopting learning management systems (LMS) to supplement their learning and training requirements.

Benefits of a Moodle-based Learning Management System (LMS)

1. User-friendly Interface
2. Blended Learning Features
3. Assessment and Testing
4. Content Management

The digital tools/resources and their application in the field of education carry qualitative metrics in the final assessment report of the NAAC and NIRF to rank institutions across the country.

The link for Moodle platform is also available on the main page of the IAIMS portal. Please encourage the faculty members of your respective college to take maximum benefits of this platform to promote the blended teaching model.

The username for the faculties remains the same as for the IAIMS portal with the common password as **learning@2021**. faculties can change their password later. The details of students login credentials are shared with the college coordinators.

Dear Principals, the directorate is in the process of implementing the Leave Management System on the IAIMS portal. For its effective implementation, it is essential to integrate the biometric attendance of the colleges on the IAIMS portal.

In this regard, we had an online briefing for all the coordinators of the respective colleges and discussed about some details required with regard to the Biometric system being used in the colleges. The details are mentioned below:

1. We need the Live IP address of their database server (Static IP). **Or** API connect.
2. Database Username and Password. (Admin user is not required, they can create a separate user for us with read only access)
3. Name of the database and table, in which data is getting stored.
4. Employee ID from Biometric machine mapped with Employee ID(IAIMS Portal) of our system. (Attached Excel sheet format).
5. Name of the Vendor along with the Contact Number.
6. Data should be in MySQL format. If it's in any other format(Access) it should be converted to MySQL by the vendor.
7. The number of Biometric machines in the college.

For Example, Gaurav is an employee with emp id **0001** in college registered on a biometric machine, but on our System employee id of Gaurav is available as **GCSQ0001**. In that case, we need an excel spreadsheet containing 2 columns Bio-ID (0001), Sys-ID (GCSQ0001)

It will be mandatory for all the colleges to integrate their biometric system on the IAIMS portal by 30th September 2022. The official circular regarding the same will be issued by this directorate soon.

You are kindly requested to instruct your respective college coordinator to provide the above-mentioned details in the excel file attached to this email and upload the same on the link given below.

Dear Principals, the Directorate of Higher Education is in a process of deploying the **HRMS and Leave Management Module** as a part of the IAIMS project. In this regard, an offline session has been organized to brief and demonstrate the HRMS and Leave management functionality on Tuesday i.e. 13th Dec 2022 from 3.00 pm to 5:00 pm at the Multipurpose Hall, Directorate of Art and Culture, Sanskruti Bhavan, Patto, Patto Centre, Panaji, Goa.

Since these modules will be managed and administered by the office admin of the respective colleges, you are kindly requested to nominate the team members mentioned below to attend the demo session.

1. Head Clerk
2. One LDC
3. System Administrator/ IAIMS coordinator

It is mandatory for all the colleges to send their team representative to attend the session.

Regards

Subject: Integration of Biometric System on the IAIMS portal for all Colleges

This Directorate is currently in the process of the integration of the college's biometric attendance device with the Integrated Academic Information Management System (IAIMS) portal to manage the staff attendance and leave management system as a part of the IAIMS project across all the HEIs under its administrative purview in Goa. The Directorate has obtained government approval to give relaxation to institutions for acquiring non-Aadhar-based biometric devices exclusively for the purpose of managing staff attendance and integrating them with the IAIMS portal.

This integration would not only streamline attendance management but also contribute greatly to enhance efficiency and accuracy of the overall digital transformation of the institution.

Here are a few key benefits of integrating the college biometric device with the IAIMS portal:

- **Accuracy and Efficiency:** The integration would ensure accurate and real-time attendance recording, reducing the chances of errors that might arise from manual data entry.
- **Convenience:** faculty and other staff members would benefit from the convenience of marking and accessing attendance records through a unified digital platform, fostering a more transparent and accountable environment.

This integration would not only streamline attendance management but also contribute greatly to enhance efficiency and accuracy of the overall digital transformation of the institution.

Here are a few key benefits of integrating the college biometric device with the IAIMS portal:

- **Accuracy and Efficiency:** The integration would ensure accurate and real-time attendance recording, reducing the chances of errors that might arise from manual data entry.
- **Convenience:** faculty and other staff members would benefit from the convenience of marking and accessing attendance records through a unified digital platform, fostering a more transparent and accountable environment.
