World Food Day is observed annually on 16 October to highlight the millions of people worldwide who cannot afford a healthy diet and the need for regular access to nutritious food. The theme for 2022 is Leave NO ONE behind. World Food Day 2022 is being marked in a year with multiple global challenges, including the COVID-19 pandemic, conflict, climate change, rising prices and international tensions. All of this is affecting global food security. To spread the importance of food we have celebrated this day on 20th October 2022 at 11.30 am in the Geography Lab. Students prepared 25 Goan traditional food dishes. Goan cuisine consists of regional foods popular in Goa, an Indian state located along India's west coast on the shore of the Arabian Sea. Rice, seafood, coconut, vegetables, meat, bread, pork and local spices are some of the main ingredients in Goan cuisine. Use of kokum and vinegar is another distinct feature. The presentation of the dishes were only in eco-friendly manner. All the teaching and non-teaching faculty enjoyed the taste of varieties of food items served by the Fo.Y.B.A.B.Ed. Geography students. TYBABEd Elective Geography students coordinated the competition.
