NATIONAL SERVICE SCHEME: AN INTRODUCTION

The overall aim of National Service Scheme as envisaged earlier, is to give an extension dimension to the higher education system and orient the student youth to community service while they are studying in educational institution. The reason for the formulation of this objective is the general realization that the college and +2 level students have a tendency to get alienated from the village/slum masses which constitute the majority of the population of the country. The educated youth who are expected to take the reins of administration in future are found to be unaware of the problems of the village/slum community and in certain cases are indifferent towards their needs and problems.

Therefore it is necessary to arouse the social conscience of the students, and to provide them an opportunity to work with the people in the villages and slums. It is felt that their interaction with the common villagers and slum dwellers will expose them to the realities of life and bring about a change in their social perception.

The broad objectives of NSS are to:

- 1. Understand the community in which they work*
- 2. Understand themselves in relation to their community*
- 3. Identify the needs and problems of the community and involve them in problem solving process*
- 4. Develop among themselves a sense of social and civic responsibility*
- 5. Utilize their knowledge in finding practical solution to individual and community problems*
- 6. Develop competence required for group living and sharing of responsibilities*
- 7. Gain skills in mobilizing community participation*
- 8. Acquire leadership qualities and democratic attitude*
- 9. Develop capacity to meet emergencies and natural disasters*
- 10. Practice national integration and social harmony*

NSS Motto : The motto or watchword of the National Service Scheme is: ‘**NOT ME BUT YOU**’. This reflects the essence of democratic living and upholds the need for selfless service and appreciation of the other person’s point of view and also to show consideration for fellow human beings. It underlines that the welfare of an individual is ultimately dependent on the welfare of society on the whole. Therefore, it should be the aim of the NSS to demonstrate this motto in its day-to-day programme.

NSS Symbol : The symbol of the National Service Scheme is based on the ‘Rath’ wheel of the Konark Sun Temple situated in Orissa. These giant wheels of the Sun Temple portray the cycle of creation, preservation and release, and signify the movement in life across time and space. The design of the symbol, a simplified form of the Sun-chariot wheel primarily depicts movement. The wheel signifies the progressive cycle of life. It stands for continuity as well as change and implies the continuous striving of NSS for social transformation and upliftment.

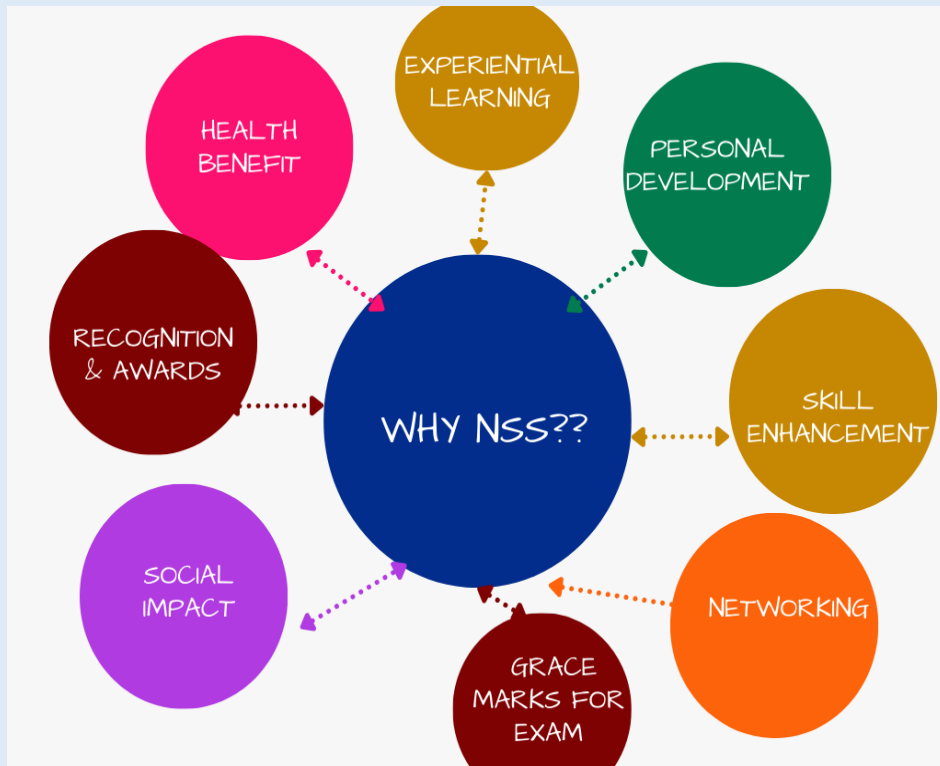

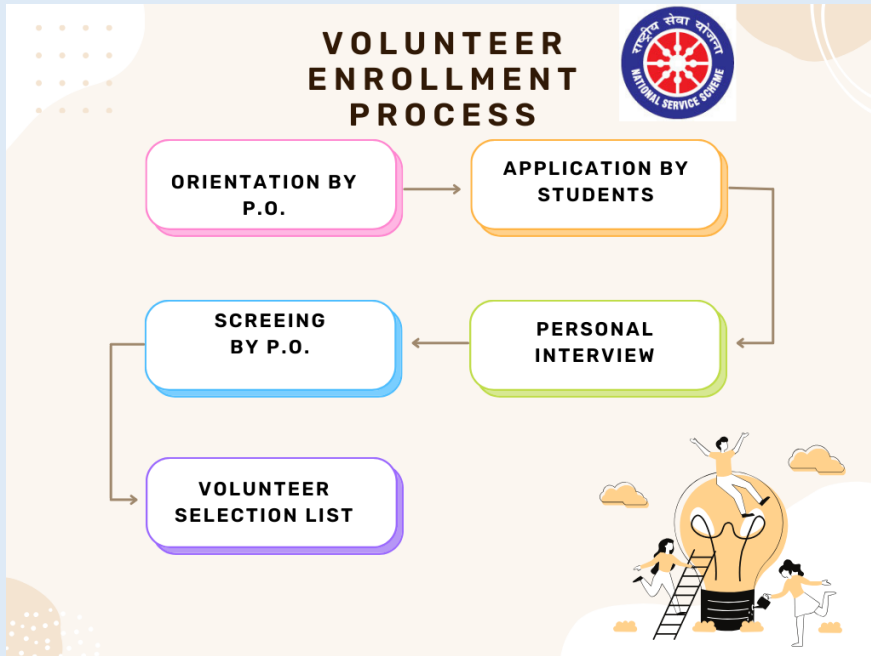

NSS Badge: The NSS symbol is embossed on the NSS badge. The NSS volunteers wear it while undertaking any programme of community service. The Konark wheel in the symbol has eight bars which represent the 24 hours of the day. Hence, the badge reminds the wearer to be in readiness for service of the nation round the clock i.e. for 24 hours. The red colour in the badge indicates that the NSS volunteers are full of blood i.e. lively, active, energetic and full of high spirit. The navy blue colour indicates the cosmos of which the NSS is a tiny part, ready to contribute its share for the welfare of the mankind. **NSS Day:** NSS was formally launched on 24th September, 1969, the birth centenary year of the Father of the Nation. Therefore, 24 September is celebrated every year as NSS Day with appropriate programmes and activities.
